### SERVICEPLAN DAYWORK SHEET

Recording dayworks. Contractors will usually have a template or daywork sheet to capture labour hours, materials and plant. Dayworks can either be, percentage addition or all-inclusive rates. With all-inclusive dayworks a pre-established schedule of rates submitted at tender is used to price the daywork. A typical daywork sheet might contain the following:

### Recording dayworks - Designing Buildings Wiki

Whether a Sub-Contractor uses a daywork sheet, allocation sheet or record of resource sheet, he will inevitably present a document to the Contractor that describes what work he has done, the hours that his plant and labour have spent on it, and what materials he has purchased, as well as any other costs that he has incurred in completing the work.
