The term “house advantage” refers to the mathematical edge maintained by gambling operators that ensures the house will always end up making money. The house advantage in games, usually given as a percentage, can range from fairly small (less than 1% for blackjack players using basic strategy) to quite large

# Acces PDF House

(about 25% for some  
blackjack side bets).

These numbers  
represent the average  
amount of all their  
wagers that players will  
lose over the long term.
