Compliments and defense. According to Muhammad Taqi Usmani, "the granddaddy" of contemporary Islamic finance, Islamic finance has turned a "theory" into "a reality", "asserting" Islam into international financial markets.It has "enriched" the Islamic legal system with shariah-compliant solutions developed in response to the practical business questions put to it by the industry.

Challenges in Islamic finance - Wikipedia

Question No. 13) If Islamic banks do not invest in interest based activities then how do they generate profit to pay to their customers? Answer: The Islamic bank uses its funds in various trade, investment and service related Shariah compliant activities and earns profit thereupon. The profit earned from such activities is passed on to the depositors according to the agreed terms.
