In 1982, Meditech adopted the then-new MAGIC programming language for its health care information systems. In 1994, the company adopted client/server, a second software platform. While client/server utilized the same programming language, MAGIC runs all code on a central server, and clients are in effect dumb

File Type PDF Magic Language Manual Meditech

terminals. Client/server executes the code on a user's PC, although all code remained centralized.

Meditech - Wikipedia

Meditech is accessible via a Single Sign On facility. Once you have logged into the hospital network click the Meditech icon on the task bar at the base of the screen. No further password is required. The Physician Menu will appear.
