A reluctant reader is, quite simply, any student who does not show an interest in reading. These students may actively resist reading, mask their dislike by clowning around or misbehaving when asked to read, become easily frustrated during reading, or need to be coaxed into picking up a book. Identifying reluctant readers is the first step in better engaging these students as readers.

Thirdly, the title of the book is a bit of a misnomer. While the book's title suggests a kind of self-help book to learn to skills of helping others, I think it is more about helping readers discover more about themselves and what they can do, rather than simply helping others. I find myself enriched and encouraged to be the artist to help others.
